

# Capabilities Statement.

COMMITTED TO CREATING BEAUTIFUL SPACES

THE GLASCOTT GROUP  
*People. Places. Possibilities.*

## Committed to creating beautiful spaces.

Glascott Landscape & Civil is part of The Glascott Group – leaders in integrated commercial landscaping services.

Since 1989 we've been turning visions into lasting legacies. From conception to stunning three-dimensional reality. Urban spaces that invite human interaction and appreciation. Urban spaces that salute the surrounding environment.

The quality of our work, our vision and our values have made us one of Australia's leading multi-disciplined landscape companies, with offices in Sydney, Canberra, Brisbane and Newcastle.

Our greatest reward is the public enjoyment of our work. That's why we team with clients to deliver enduring spaces for future generations to enjoy.

At Glascott Landscape & Civil, our absolute professionalism delivers projects we're proud to put our name to.

## What We Do

Glascott Landscape and Civil brings over three decades of experience in delivering innovative landscape projects for councils, government organisations, developers, builders, architects, and contractors.

We have the knowledge and skill to handle even the most challenging and unique projects. Whatever the requirements, we get clear on the objectives from the start, quickly grasping the complexities of the specifications to build a deep understanding of the vision we're entrusted to deliver.

Our team consists of expert project managers who collaborate closely with stakeholders and lead projects with consistent communication. We provide flexibility, technical expertise, environmental management, and ongoing value throughout the project delivery.

We are accredited by the Federal Safety Commissioner and ISO certified, operating our projects and business to the highest possible standards with an integrated Health, Safety, Environment, and Quality System.

*committed to creating beautiful spaces*

## What drives us

Our people are our backbone. They are industry experts, passionate about the environment and committed to the safe and efficient management of projects. Our teams oversee each project from conception to completion, ensuring safety, quality, and environmental protection on every site we manage.

### Core Values

We couldn't be prouder of what we call the "Glascott DNA". These are the values our company culture is built upon. They are values that represent everything about who we are, what we do, and how we go about our business. We strive towards these values each and every day.

### Community Engagement

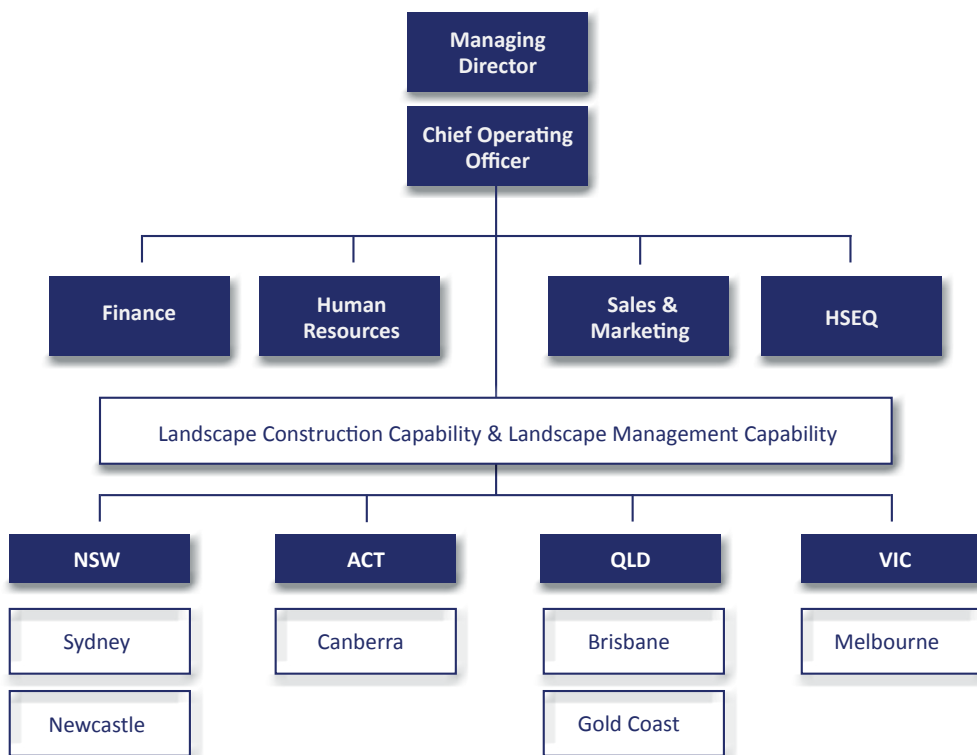

Our core values are pivotal to the work we do for community groups. We partners with clients and suppliers to provide landscape construction services for non-profit organisations. We've helped build community gardens and playgrounds, residential gardens and environmental parks. It's our goal to help communities and people enjoy the environment, and we are proud to offer our services and expertise for special projects.

# Group Structure

Our team comprises industry experts who oversee each project from conception to completion. They expertly manage our teams to ensure that safety and the environment are never compromised in our delivery of high quality projects.

The Glascott Group Advisory Board provides strategic advice to our management team. They are a core group of industry and business experts who use their extensive experience to review the performance of the business and ensure that future strategies are balanced and aligned with the capabilities of our organisation.
